University

## ***13th Australasian Cliometrics Workshop*** ***Call for Papers***

The 13<sup>th</sup> Australasian Cliometrics Workshop will be held on Friday 13<sup>th</sup> November 2026, at Australian National University. AusClio follows the established Clio format of short presentations (5 min), discussant comments (10 min) and substantial discussion by the audience (30 min). Accepted papers will be distributed in advance to all participants, who are expected to read them beforehand to ensure engaged contributions and meaningful discussions.

There is no workshop theme, submissions to all topics in economic history are welcomed. The workshop will be hosted by the Centre for Economic History at the ANU's Research School of Economics and supported by the Economic History Society of Australia and New Zealand.

Extended abstracts or full papers will be accepted now through 13<sup>th</sup> September 2026. Notifications will be made shortly afterwards, and full papers will be due by 30<sup>th</sup> October (two weeks before the workshop). To submit an abstract or paper as well as to RSVP to attend (including willingness to serve as a discussant), please send an email to Tim Hatton ([tim.hatton@anu.edu.au](mailto:tim.hatton@anu.edu.au)). Early career scholars and graduate students are particularly encouraged to apply.

Registration is free and lunch and coffee will be provided. All other costs will need to be self-funded, such as travel and accommodation. An informal dinner and get-together will be organized for the Thursday evening before the workshop.

Thanks, and we look forward to seeing you in Canberra.
